Subject: RE: FYI - FW: language on ESA consultation to include in FL FRN

Hi everyone, John G was good with this language regarding ESA in the FRN. Note the language is currently in the latest version of the FRN we have all been commenting on.

Next steps:

- 1) John is wondering when and if he will see the NHPA language and the FRN before it goes to Sr. Leadership. Maybe we can discuss at tomorrow's call?
- 2) Whitney and I are working with Mindy to identify and create a page on OWOW's website to host the memo to the RA's and the letter to the ACHP.
- 3) I pinged Mindy again (2nd time today) requesting she ping Dave for his comments on the ESA memo to the RAs and the NHPA letter, now that we have notice the Governor signed the letter. (Fingers crossed we see something tomorrow????).

Subject: language on ESA consultation to include in FL FRN

Hi Mindy,

Per our discussion this am. Could you confirm with John that he is okay with the following language in the FL FR notice. The intent is to be transparent that we are consulting and point to the decision elsewhere on EPA's website (where the Memo to the RA's will be posted). Simma and Matt are crafting similar language regarding NHPA consultation but the FRN will solicit public comment on impacts to historic resources per NHPA requirements. **Ex. 5 Deliberative Process (DP)**
